

Selfie stick with built-in tripod and LED light

SKU: TESELFETRIPODPROBTK

The selfie stick that allows for stable photos and videos always with the right lighting

TAKE SELFIES EASILY EVEN IN DIM LIGHT

The **selfie stick with tripod** is the ideal accessory for taking selfies in total simplicity wherever you are. Press the button on the stick to create photos and videos from your **Samsung, Apple, Xiaomi, Huawei, Oppo and other brands of smartphone without the need to connect it to a wire.**

In addition, the **LED spotlight** present on the smartphone holder can **be adjusted to 3 settings** (warm, natural, or cold light) via the built-in button thus ensuring the right lighting even when the light conditions are not optimal. When the LED is dead you can power it with the **USB cable - Micro-USB included.**

THE BUILT-IN TRIPOD AND THE REMOTE CONTROL ALLOW FOR STABLE PHOTOS AND VIDEOS EVEN FROM A DISTANCE

When you want to take group photos or videos, just open the **practical built-in feet** and place the stick on a flat surface. The shutter release button can be removed and thus becomes a **wireless remote control that works from up to 10 meters away** from the selfie stick.

EXTENDABLE AND ADJUSTABLE

The stick can be **extended to a length of up to 70 centimetres**, so your selfies with landscapes or monuments in the background will always be perfect.

Furthermore, the smartphone support **can be oriented 360°** to you can position the mobile phone horizontally or vertically.

COMPACT, LIGHTWEIGHT AND RESISTANT

When closed, the **selfie stick with tripod** is just **15 centimetres** long: It can easily be stowed away in a backpack or handbag, so you can carry it with you any time to the beach, mountains, park, or museum. There **aluminium finish** makes it very resistant without sacrificing lightness.
