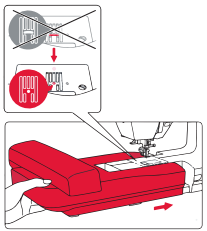
Starthilfe

Google Play Store

App Store iOS

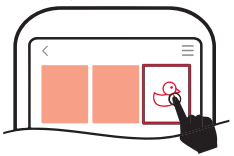
1. Gehen Sie in den Play Store/App Store und laden Sie die „My Patterns App“ herunter, um sie auf einem Smartphone/Tablet zu installieren.



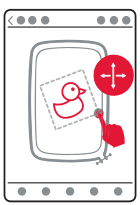
2. Setzen Sie die passende Nadel, die Stick-Stichplatte und den Stick-Nähfuss ein. Schieben Sie die Stickeinheit auf den Maschinenarm.

3. Schalten Sie Ihre VERITAS Florence ein.

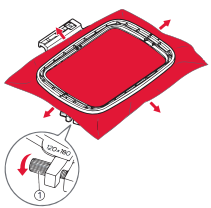
4. Sobald „PP“ auf dem Display erscheint, können Sie Ihre Nähmaschine direkt mit der My Patterns App verbinden. (Ein externes WIFI braucht es zum Sticken nicht.)



5. Nun können Sie beginnen. Öffnen Sie die My Patterns App und wählen Sie ein Stickmotiv aus.

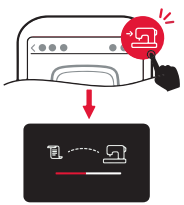


6. Als nächstes können Sie bei Ihrem gewählten Motiv die Farben, Größe und Position ändern.

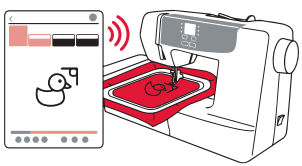


7. Bereiten Sie jetzt den Stickrahmen vor.

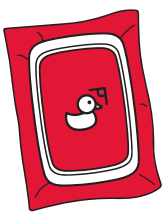
Achtung! Bitte achten Sie darauf, dass Sie immer mit einem Stabilisator und einem Stickfaden sticken. Detaillierte Informationen zu den Stabilisatoren und den Stickfäden finden Sie in der Bedienungsanleitung.



8. Nun wird das Motiv mit dem Nähmaschinensymbol an die VERITAS Florence gesendet.



9. Jetzt geht es auch schon los. Auf Ihrem Smartphone/Tablet können Sie den Stickvorgang perfekt beobachten.



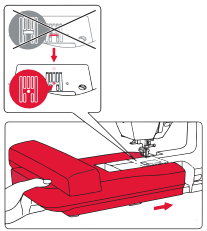
10. Fertig! Lösen Sie ihr Motiv aus dem Stickrahmen, um es weiter zu verarbeiten.

Start-up assistance

Google Play Store

App Store iOS

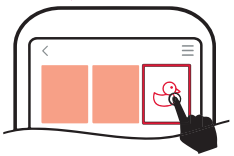
1. Go to the Play Store/App Store and download the „My Patterns App“ to install it on a smartphone/tablet.



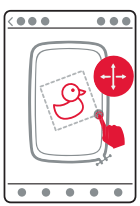
2. Insert the matching needle, embroidery stitch plate and embroidery presser foot. Slide the embroidery unit onto the machine arm.

3. Turn on your VERITAS Florence.

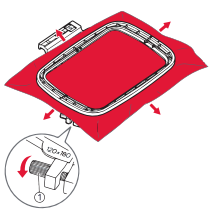
4. As soon as „PP“ appears on the display, you can connect your sewing machine directly to the My Patterns App. (An external WIFI is not required for embroidery).



5. Now you can begin. Open the My Patterns App and select an embroidery design.

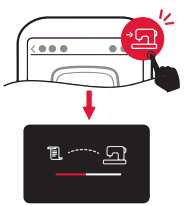


6. Next, you can change the colours, size and position of your chosen design.



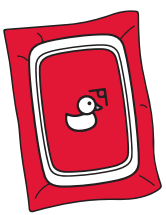
7. Now prepare the hoop.

Attention! Please make sure that you always embroider with a stabilizer and an embroidery thread. For detailed information about the stabilizers and the embroidery threads, please refer to the instruction manual.



8. Now the design with the sewing machine symbol is sent to VERITAS Florence.

9. Here we go.
On your smartphone/tablet you can watch the embroidery process perfectly.



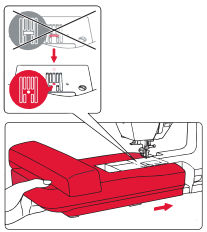
10. Done! Remove your design from the hoop for further processing.

Aide au démarrage

Google Play Store

App Store iOS

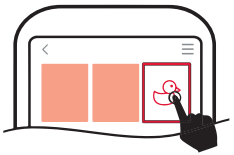
1. Allez sur le Play Store/ App Store et téléchargez l'application „My Patterns App" pour l'installer sur un smartphone/tablette.



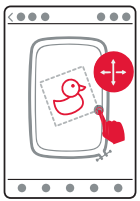
2. Insérez l'aiguille adaptée, la plaque aiguille broderie et le pied-de-biche de broderie. Faites glisser l'unité de broderie sur le bras de la machine.

3. Allumez votre VERITAS Florence.

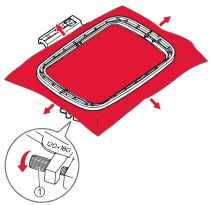
4. Dès que „PP" apparaît sur l'écran, vous pouvez connecter votre machine à coudre directement à l'application My Patterns. (Un WIFI externe n'est pas nécessaire pour la broderie).



5. Vous pouvez maintenant commencer. Ouvrez l'application My Patterns et sélectionnez un motif de broderie.

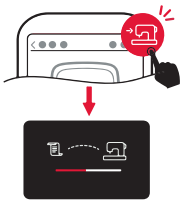


6. Ensuite, vous pouvez modifier les couleurs, la taille et la position du motif choisi.

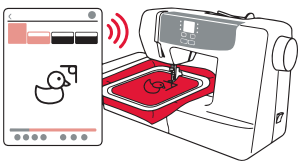


7. Maintenant, préparez le cadre.

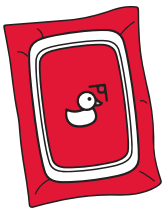
Attention! Veillez à toujours broder avec un stabilisateur et un fil à broder. Pour des informations détaillées sur les stabilisateurs et les fils de broderie, veuillez vous référer au manuel d'instructions.



8. Maintenant, le dessin avec le symbole de la machine à coudre est envoyé à VERITAS Florence.



9. Nous y revoilà.
Sur votre smartphone/tablette, vous pouvez observer le processus de broderie à la perfection.



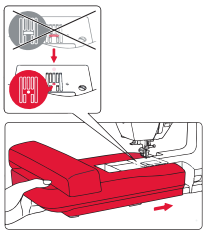
10. Prêts ! Retirez votre dessin ou modèle du panier pour le traiter.

Starthulp

Google Play Store

App Store iOS

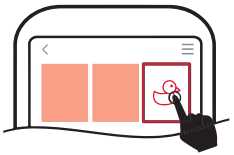
1. Ga naar de Play Store/ App Store en download de „My Patterns App“ om deze op een smartphone/tablet te installeren.



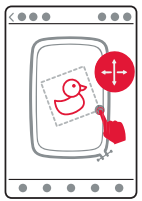
2. Plaats de bijpassende naald, de borduursteekplaat en de borduurnaaldvoet. Schuif de borduureenheid op de machinearm.

3. Zet uw VERITAS Florence aan.

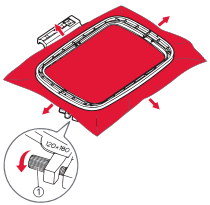
4. Zodra „PP“ op het display verschijnt, kunt u uw naaimachine direct op de My Patterns app aansluiten. (Een externe WIFI is niet nodig voor het borduren).



5. Nu kan je beginnen. Open de My Patterns app en selecteer een borduurmotief.

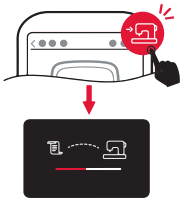


6. Vervolgens kunt u de kleuren, de grootte en de positie van het door u gekozen motief wijzigen.



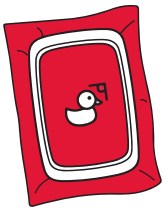
7. Maak nu de hoepel klaar.

Attentie! Zorg ervoor dat u altijd met een versteviging en een borduurgaren borduurt. Voor gedetailleerde informatie over de stabilisatoren en de borduurgarens verwijzen wij u naar de handleiding.



8. Nu wordt het motief met het naaimachinesymbool naar VERITAS Florence gestuurd.

9. Daar gaan we weer.
Op uw smartphone/tablet kunt u het borduurproces perfect volgen.



10. Klaar! Haal uw ontwerp uit de hoepel voor verdere verwerking.
