 - ▶ Fits swan neck / detachable tow ball : yes
 - ▶ Dimension (width x depth): 103cm x 72cm (measure from the centre of the tow ball mount to the outside edge of the number plate holder)
 - ▶ Weight : 12.1kg
 - ▶ Max load capacity : 40kg / 88lbs
 - ▶ Max weight per bike : 20kg / 44lbs
 - ▶ Tilting : yes
 - ▶ Lighting board plug type : 7 pin
 - ▶ Bike carrier to tow ball lock : yes
 - ▶ Bike carrier to bike lock : yes

Useful information: The maximum permitted load you can carry is also determined by the tow bar nose weight; you will need to check you don't exceed this before using any tow ball mounted bike carrier.

Requires 65mm clearance from centre of tow ball to rear of vehicle.

If you have a 7 pin socket the reversing light and fog light will not work. The 7 pin socket isn't wired for these functions.
