Private beskeder. Bankoplysninger. Pinkoder. Med denne skærmbeskyttelse kan du skjule dine hemmeligheder mod nysgerrige øjne hos folk, der sidder ved siden af dig i toget, i bussen eller på kontoret. Det specialdesignede privatlivsfilter gør indholdet på skærmen praktisk talt usynligt for alle andre end dig.

Utsigtede bump mod skarpe genstande i lommen eller drop på stenhårdt underlag er heller ikke noget problem for denne skærmbeskyttelse, der er modstandsdygtig over for ridser og stød. Den har endda en fingeraftryksafvisende overfladebehandling med antibakteriel effekt, der reducerer spor af fedtfingre og dræber op til 99,99 % af alle almindelige overfladebakterier.

Skærmbeskyttelsen Edge-to-Edge dækker hele telefonens forside, samtidig med at der er plads til et cover.
