

N8 Robot Lawn Mower

Mow, Mulch, Collect, Sweep

Mowing up to 1,500m², N8 is a 4-in-1 robot mower that effortlessly mows, mulches, collects, and sweeps. With a 23L auto-dumping bin and smart AI navigation, it delivers a flawless, carpet-like finish. In addition, it boasts peerless RTK GPS signals for navigation—no perimeter wire required.

- 4-in-1: Mows, mulches, collects, and sweeps for a neat lawn.
- Smart multi-zone navigation for unhindered continuous mowing.
- Precision Cutting: 4,000 RPM blades with U-path logic for carpet-like finish.
- Auto Dumping: Auto-detect the fullness and dump the clippings; large 23L bag.
- Full-band RTK, dual vision, 4G NetRTK for reliable navigation.
- Efficient leaf clearing, and fine grass shredding to fertilize the soil.

Specifications	N8
Recommended Mowing Area	1,500m ² (3/8 Acres)
Positioning System	Full-Band RTK + Dual Vision (Support NetRTK)
Multi-Zone Management	30 zones
Max. Slope	24°/45%
Battery Capacity	9,2Ah/198Wh
Battery Type	Lithium-ion
Charging Time	80min
Max. Efficiency	150m ² /h (1,600ft ² /h)
Cutting System	Cyclone/Particle System
Working Mode	Mulch/Collect/Sweep
Cutting Width	20cm (7.9in)
Cutting Height	3-7cm (1.2-2.8in), App-Adjusted
Bag Volume	23L

Specifications	N8
IoT Connectivity	Wi-Fi (2.4G/5G), 4G, Bluetooth
Obstacle Avoidance	AI Vision
Waterproof Level	IPX6
Rain Sensor	Yes
LED Headlight	Yes
Product Size	61*43.1*33.3cm (Excl. Bag) 24*17*13.1in (Excl. Bag)
Package Size	73.5*51*41.5cm (28.9*20*16.3in)
Net Weight	16.5kg/36.4lbs (Excl. Bag)
Gross Weight	26.5kg/58.4lbs
Noise Level	≤ 58dB (Mulch) ≤ 68dB (Collect/Sweep)
App Control	ANTHBOT App
